# SHORTY'S Incredible Corn

For many years shorty's has featured its incredible corn, grown only in the Pacific Northwest. A truly incredible experience: yellow, sweet, long-lasting, juicy flavor with kernels so tender and mouthwateringly delicious! It is the reason why shorty's incredible corn is one of the most popular items available on its menu as not only an appetizer but as a side as well. The incredible corn grows up to 90 inches tall with 18-row ears that are 8 inches long and tip filled to protect the corn. A natural fit for any of shorty's craveable BBQ menu items.

Try it today!
